MINDSET HEALING of Jah Principle

I and I Black Woman walking in a wise way of Black Supremacy in Righteousness of Salvation

We commit our lives to becoming a woman of Right as taught us by Our Worthy Founder and Leader King Emmanuel Charles Edwards the Lord's Servant the Black Christ in flesh.

His Excellency bring us to a remembrance of ourselves as Black Ethiopians Black Africans, a Royal Nationhood with a Crown head and Throne room.

Give thanks for our Divine Father King Selassie I JAH RASTAFARI who chose to crown his Queen Empress Menen on the same day. Her Royal Majesty is of the Line of the Queen of Sheba.

Knowing InI selves deeply, improves our view on life. What goals, what you want to accomplish.? Some go and never return. Be aspiring to something positive. We become one with the universe. No longer is it 'me against the world'. As Bobo Shanty Empress I and I follow in the way of holiness, for holiness become the house of Jah. "Be ye holy for I Am Holy" said the Black Christ in flesh, Man of Right.

It is true that we ought to bring ourselves to be ministers to our own temple. We I and I are guided into the future by eating wisely, drinking, and talking, walking, dressing, black. These teachings are wisdom to InI Diaspora, children of the Former Slaves, emancipated though not freed.

Freedom we want, Freedom we chant. Across the world the people are crying out against the injustices of the rulers over land and sea. Redemption words of the Prophet, Priest and King.

The Black Christ in flesh bring us principles of life for when we minister to our temple we shall have it forever. A great love we have, for Christ loved us first and this love is a great power within us. Powerful Emmanuel I, Selassie I JAH RASTAFARI.

It is this Christ love that we fulfill in keeping the woman principle of 21 days Separation. Creation has special place for the woman and we search the scriptures to see the way, giving thanks for this principle which keep InI woman, especially the Black Ethiopian Black African Woman in a happy state.

It is happiness to have some time for yourself, perhaps for the first time to sense responsibility and what inspiration and satisfaction we find. InI Black woman of the diaspora who have lived through man-made religion and unjust missionary school education systems. We still under Slavery Law, but in the glorious light of bright gems for his Crown.

As woman needing shelter in this natural biology calling, a Moon Cycle of Menstruation, emission of blood. Let us honor Jah word that every woman deserves her house, her settings of shelter and quiet to rest and cleanse in the first week, being free from the activity of buying and selling.

InI have the creative space set by His Excellency to meditate in purer states of holiness, spaces where our minds can move from memories of the past and negative doings and sayings to a better consciousness. Give that willing heart for a Full Freedom.

This is nation wealth brought to us by Our Worthy Leader King Emmanuel Charles Edwards for a Full Freedom and Redemption. By the 21st day InI are wise ancient woman returning in our true planetary time of a Moon Cycle.

This is Black Supremacy in Righteousness of Salvation for we have time to reach higher states of consciousness by using our energy in ways that are more spiritual and less temporal.
